# Event at Glance

## Industry Breakdown

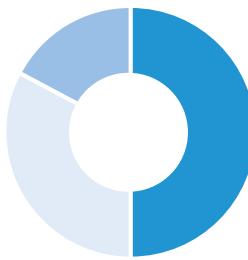

<span style="color: #0070C0;">■</span>	41%	Oil, Gas & Chemical
<span style="color: #D9D9D9;">■</span>	21%	Infrastructure & Others
<span style="color: #4682B4;">■</span>	38%	Energy Utility

<span style="color: #0070C0;">■</span>	44%	Project Owners
<span style="color: #D9D9D9;">■</span>	56%	EPC Contractors

## Job Function Breakdown

<span style="color: #0070C0;">■</span>	50%	C Level Executives
<span style="color: #D9D9D9;">■</span>	33%	Project & Contract Management
<span style="color: #4682B4;">■</span>	17%	Engineering & Procurement

## Key Focus:

- Industry growth and opportunities in 2026
- War in Ukraine: the construction impact on European and global economies The domino effect of the Ukraine crisis on gas and LNG Projects
- Stay ahead with forecast suggesting boost in market growth during the forecast period (2023-2026)
- Resolving restraining factors and navigating towards pre pandemic levels with rising oil & gas exploration activities
- Discover regional insights into driving factor towards rising EPC activities and further increasing the O&G footprint on the market.
- To what extent the project implementation schedule (including in particular the milestones and the final completion date), the procurement plan and the transportation study have to be revisited and, possibly, amended.
- Overcome supply chain disruption and sourcing challenges likely to affect project delivery and margins
- The role of effective relationship management in successful large oil and gas projects Monitoring Negotiations to Mitigate Risk in Multiple Party Contracts.
- Dealing with critical project drivers (time, cost, quality and scope) and how they are affected when Alert Levels change or are redefined.
- Mitigating the risk of delays in power plant projects: An EPC contractor's view on different contractual concepts

## Industry Focus

Project owners, EPC Contractors and Sub-contractors with activities in new construction, and expansion projects from:

- ✓ Oil and gas producers
- ✓ Construction
- ✓ Terminals and storage
- ✓ Law Firms
- ✓ Infrastructure Companies
- ✓ Petrochemical refineries
- ✓ Mining
- ✓ Solar
- ✓ Energy Utility

## Who Will Attend

Heads, Vice Presidents, Directors, Managers and Senior executives from contracting companies involved in engineering, Procurement and Construction projects with disciplines including:

- Project Managers
- Project Planners
- Change Managers
- Program Managers
- Portfolio Managers
- Project control functions
- Project Sponsors
- Project Consultants
- Contracts Managers
- Claims Managers
- Compliance Officers
- HSE and HSEQ Managers
- EPC Realisation Managers
- Risk Managers
- Commercial Managers
- Supply Chain Managers
- Procurement Managers
- Sales Managers
- Legal Counsel
- Business Development Managers
- Business Analysts
- Sustainability Managers
- Operations
- Production
- Process

200+ Meetings | 10 Exhibitors | 30+ Hours Presentation | 200+ Attendees

## SPONSORS

**Ascertra** delivers purpose-built information management software that helps EPC companies execute complex projects with greater control, compliance, and confidence. With a trusted portfolio that includes Coreworx, Proarc, Mpowers, Propeople, and SeaPlanner, Ascertra supports project, engineering, construction, and operations teams in managing critical data across the asset lifecycle.

**ascertra.**

Guided by the belief that **Information Powers Progress**, Ascertra enables EPC organizations to reduce risk, improve collaboration across stakeholders, and maintain regulatory compliance from planning through execution. Its solutions, spanning interface management, document control, crew management, and project controls, are designed to meet the demands of complex, large-scale projects.

With over **40 years of combined expertise**, Ascertra has helped leading EPC companies deliver quality projects through smarter, more connected information management. Supported by global teams across North America, Europe, Asia, and Australia, Ascertra's mission is clear: **to help customers deliver quality projects every time.**

# SPONSORSHIP OPPORTUNITIES

## Maximise Your Involvement: Sponsorship and Exhibition Opportunities

The annual Engineering Procurement & Construction Project Management Forum, taking place from 22-23-24 of April 2026 in Berlin, Germany.

The event will provide you with innovative solutions and new strategies to tackle your on-going project challenges. This information-packed event will help you achieve your projects milestones, delivering proven solutions, applicable case studies and problem-solving discussions. Your team and your company will benefit from your new plan of action.

### Other features of sponsorship include:

- Prominent exhibition space in the main conference networking area
- Participation in comprehensive pre-event marketing campaigns
- Tailored marketing strategies to suit your organisation's size, capabilities and individual requirement

## Conference Agenda

### DAY 1 22 April 2026

#### 8:55 → Opening Words from the host

#### 9:00 → Improving Cost Certainty in EPC Projects: Proven Methods to Protect Margins

- » Exposing the early estimating gaps that quietly drive cost growth and margin loss.
- » Applying structured benchmarking and quantified risk methods to bring cost predictability and credibility to EPC pricing.
- » Translating cost data into actionable insight for stronger budget control and decision-making throughout project execution.
- » Showing how disciplined estimating practices strengthen owner-contractor alignment and reduce commercial disputes.

**Doina Dobre**  
Senior Cost Estimator  
Founder  
**Emerald Group**

#### 9:40 → AI in Dispute Avoidance: Delay Analyst's Perspective

- » Early Detection: Leverage AI to identify potential delays and disputes as early as possible.
- » AI-Augmented Mediation: AI assistance in unbiased, data-driven mediation and negotiation support.
- » Frontiers & Lookahead: Exploring advancements in AI for forecasting, scenario modelling, and decision-making

**Rade Bajic**  
Contract Manager  
**STRABAG**

#### 10:20 → Break Time

#### 10:40 → Driving EPC Transformation Through a Connected Project Information Ecosystem

- » Make client offerings more repeatable through lifecycle of asset
  - Integrated digital processes, such as managing shutdown-turnarounds (workforce optimization, estimating with norms, permit-to-work, induction/mobilization, real-time visibility)
- » Reduce risk from fragmented subcontractor data and comms
  - Gain alignment on scope boundaries, contract interfaces (interface agreements, owner endorsement, schedule integration with real-time visibility)
  - Control supplier data exchange (industry data standards, document transmittals, file share, collaborative reviews)
- » Embed compliance in project delivery
  - Digital compliance framework for regulatory, legal (doc control, time writing w labor laws, workforce credentialing, process auditing, non-conformance analysis and alerts)
- » Offer clients flexibility to implement fully-automated vs. human-in-the-loop
- » Choose higher margin work associated with digitally intensive offerings

**Anita Bø**  
Chief Product Officer  
**Ascertra**

**Joel Gray**  
Product Portfolio  
Director  
**Ascertra**

#### 11:20 → Collaborative Contracting in EPC: Myth, Reality, or the Only Path to Margin Stability?

**Zuzanna Briant**  
Director, Practice  
Lead CCM  
**World Commerce & Contracting(IACCM)**

#### 12:00 → Lunch Break

#### 13:00 → Energy Transition Projects : How can EPC contractors smooth & accelerate the FEED to EPC process to meet the needs ET customer?

- » As recently reported the energy transition to mitigate climate change is becoming more urgent if we are to limit temperature rise to 1.5oC avoid catastrophe
- » How can EPC contractors adapt and support this?
- » How can the FEED to EPC process be open fair and transparent commercially?
- » What project execution strategies can be utilised to deliver such projects quickly and efficiently?
- » How can the use of digital delivery tools across the project life cycle support accelerated delivery?

**Mark Cowley**  
Project  
Management  
Consultant  
**Cowley Services**

#### 13:40 →

#### 14:20 → Break Time

#### 14:40 → Key energy technologies and projects that EPC companies are working on – globally

**Stuart R Broadley**  
CEO  
**EIC (Energy Industries Council)**

#### 15:20 →

#### 16:00 → Innovative Procurement and Project Management in Construction

- » AI and Digital tools integration
- » Risk management practices for large-scale projects
- » Strategic procurement for cost-effective construction

**Dr. Ahmed Ibrahim**  
Director Project Control  
**Turner Construction Company**
